Istanbul / Kagithane, 34415

PROFILE

I am self-confident, ambitious and have strong leadership skills. I think I have the qualities necessary for a successful career. Thanks to my sociable personality, I am in good harmony with my colleagues and can successfully manage projects. Thanks to my solution-orientated thinking skills, when I encounter obstacles, instead of giving up, I take responsibility for the work even more decisively and complete my work on time. Also, thanks to my ability to learn quickly, I can grasp things faster, work faster and find solutions to overcome obstacles I may encounter. Thanks to my time management skills, I can prepare work plans and complete my work on time and perfectly. When faced with new opportunities, I have an open mind and courageous attitude to learn.

PROJECTS

imvora.dev (<https://www.imvora.dev>)

The website of the digital agency company I founded.

hergunumsun.org (<https://hergunumsun.org>)

With the project "You are my everyday: The Legacy of Beşiktaş Women to All Women" project aims to draw attention to gender equality and make women's voices heard in the field of sports.

BJK Fulya Avm (<https://www.fulyaavm.com>)

Website of the shopping center owned by Beşiktaş JK.

Orko Grup (<https://www.orkogrup.com>)

A company that offers facility management services, security services and other services and conducts audits by visiting the companies and institutions offered.

Besiktas JK Network Topology (reference: ahmet.barinc@bjk.com.tr)

As part of the project, I analyzed the stadium's network infrastructure in detail and mapped complex connections.

Ozgoral Optik

An application for using systems such as customer tracking, accounting tracking on a local computer.

Bubble Chat - simple chat app over local networks

PROFESSIONAL EXPERIENCE

Beşiktaş JK

Apr 2023 - Continues

Information Technologist Assistant Specialist - ERP Assistant Specialist

I work as an Assistant Expert at Beşiktaş JK, in Network Systems and Web Development. My main responsibilities are to ensure the security and optimization of the company's network infrastructure. Additionally, I design and develop user-friendly web applications using HTML, CSS, and JavaScript. I actively contribute to software development and improvement in the company, leading to increased productivity. With my project management skills, I play a vital role in ensuring successful project completions through effective teamwork. Overall, I have honed my skills in network systems and web development, making valuable contributions to the team's efficiency and introducing new methods for more streamlined workflows.

Beşiktaş JK

Mar 2023 - Apr 2023

Information Technologist Intern

I am working as an IT intern at Beşiktaş JK. In this position, I am gaining experience in software development, network and hardware. I am also skilled in project management and I value teamwork. Since I started working at Beşiktaş JK, we have made significant improvements in the company's network process. Together with my team, we helped develop and improve some of the software used in the offices. In this process, thanks to the new methods we developed, we saved time in the company's network process.

McDonald's

Nov 2020 - June 2021

Employee

My experience at McDonald's has improved me in terms of work discipline, work ethic and teamwork.
